Description: A PowerPoint presentation looking at the provision of Drama at Summer Fields. The school advocates that each boy should be given an opportunity to experience the dramatic arts whilst at the school. The presentation will highlight several ways in which the boys can perform at varying levels within the dramatic life of a school. The presentation also shows how varied drama can be in a prep school ? from musical performance to straight acting, from free expression to structured performance

Objective: Inspire, encourage and develop an interest in Drama at Summer Fields

Assessment: By performance related observation and written work

Prior Knowledge: The basic role and provision of Drama at the school

Expectations: Develop and build a wider understanding of how drama can be used
